**Try Before You Buy:**  
 Be confident in your purchase, take advantage of our fully operational demos. Licensed software cannot be returned for refund, so try before you buy. Check a box above to have demo software mailed or sent on CD.

**License Fees:**

GEOSYSTEM Software Suites		
Suite	License <sup>1</sup>	Upgrade
<b>GEOSYSTEM Lab Suite:</b> The Lab Suite combines the Moisture-density module with the Classification Suite. If you have a soils lab, you need the Lab Suite.	\$1350	\$625
<b>GEOSYSTEM Classifications Suite:</b> This software package features the Grain size module teamed up with Atterberg limits to provide ASTM, AASHTO, and other soil and aggregate classifications.	\$850	\$375
<b>GEOSYSTEM Quality Control Suite:</b> Manage all of your earthwork compaction and concrete testing with these 2 QC databases. Both offer simple data entry and professional quality reporting for on-site inspection work.	\$1200	\$600

GEOSYSTEM Software Modules		
Module:	License <sup>1</sup>	Upgrade
Boring Log Drafting (LD4)	\$1300	\$535
Plog (for Palm PDA borehole logging)	\$700	n/a
Grain Size Distribution	\$650	\$325
Moisture-Density	\$600	\$300
Consolidation	\$650	\$325
California Bearing Ratio	\$600	\$300
Resistance R-Value	\$550	\$275
Shear	\$800	\$400
Quality Control - Concrete	\$800	\$400
Quality Control - Density	\$650	\$325

Notes: 1) Educational institutions receive discounts of 20% - 30% on all programs.

**Licensing Software:**

- Please provide the exact company name to be printed by the program, showing capitalization and punctuation:  
\_\_\_\_\_
- Sign the license agreement below.
- Fill in a copy of this order form and mail or fax both sides to GEOSYSTEM Software.

**License Terms - single address site license:**

- The Licensee agrees not to sell, give away, install at branch offices, or otherwise distribute the program or the program documentation. Each program is licensed only for use at a single street address.
- The Licensee agrees to not hold Von Gunten Engineering Software, Inc. (VES, Inc.) liable for any harm, damages claims, losses or expenses arising out of any act or occurrence related in any way to the use of the program.
- The program is warranted to fully perform the tasks described in the program documentation. All results of the operation of the program are subject to the further engineering judgment, prudence, and study of the user.
- If the program does not perform as described, VES, Inc. will replace the program with one that does at no charge during the first year after licensing. In no event will VES, Inc. be liable for any amount greater than the license fee paid by the licensee. Software usage is implicit agreement to these terms.
- One year of free consultation and updates is included with the program. After that, updates are available for a fee, at the user's option.

**Signature for Licensing:**

\_\_\_\_\_  
 To complete licensing, sign on the above line and return a copy of this page.
