DOS Application	License Fee
Permeability Test	\$600
Concrete Performance Report (CPR)	\$600

License Fees for Branch Offices and Educational Use:

Companies which have already licensed any GEOSYSTEM program receive a 20% discount when purchasing additional copies of that program for branch offices. Educational institutions receive a discount of 30% on all programs.

Licensing Software:

1. Please provide the exact company name to be printed by the program, showing capitalization and punctuation:

2. Sign the license agreement below.
3. Fill in a copy of this order form and mail or fax both sides to GEOSYSTEM Software.

License Terms:

1. The Licensee agrees not to sell or give away copies, install at branch offices, or otherwise distribute the program or the program documentation. Each program is licensed only for use at a single street address.
2. The Licensee agrees to not hold Von Gunten Engineering Software, Inc. (VES, Inc.) liable for any damages claims, losses or expenses arising out of any act or occurrence related in any way to the use of the program.
3. The program is warranted to fully perform the tasks described in the program documentation. All results of the operation of the program are subject to the further engineering judgement, prudence, and study of the user.
4. If the program does not perform as described, VES, Inc. will replace the program with one that does at no charge during the first year after licensing. In no event will VES, Inc. be liable for any amount greater than the total of the license fee paid by the licensee. Software usage is implicit agreement to these terms.
5. Technical support will be provided as long as the program is in production. One year of free updates are included with the program. After that, updates are available for a fee, at the user's option.

Signature for Licensing:

To complete licensing, sign on the above line and return a copy of this page.
